

Codejock Software receives 2009 Members Choice Award

May 13, 2009 (Morrice, MI) - Codejock Software is honored to be selected for Best C++/MFC Components by The Code Project's First Annual Members Choice Awards.

The Code Project asked its members to rate their favorite products. The results reflect actual perceptions of what developers value. Codejock Software was awarded Best C++/MFC Components for their Xtreme Toolkit Pro bundle.

Codejock's Xtreme Toolkit Pro includes a complete set of graphical user interface components for Visual C++ / MFC developers. "Winning the 2009 Members Choice award is evidence of our commitment to quality and customer service." said Kirk Stowell, CEO. "The Xtreme Toolkit Pro has become the premier choice for C++/MFC application developers. We thank our customers for their continued support as we strive to meet the needs of today's developer community".
